

## HOW TO CREATE THE PROSPECTOR ONLINE UPDATE SHORTCUT

The following steps will show you how to create a shortcut icon on the desktop for the Prospector Online Update:

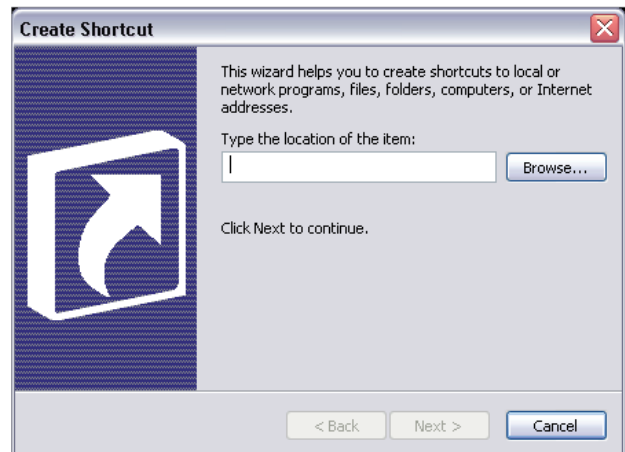

### Step 1.

Right click on the Desktop and choose 'New' and then choose 'Shortcut'

### Step 2.

This will display the Shortcut Wizard as follows:

### Step 3.

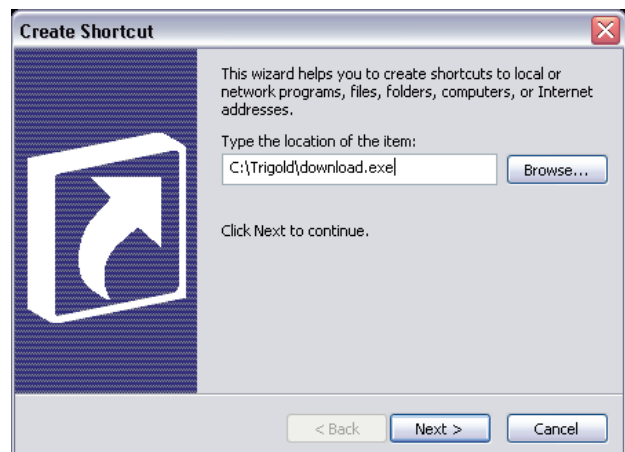

Type '`C:\Trigold\download.exe`' and click Next to continue.

This path may differ depending on which Prospector installer you used. If you get an error informing you that the shortcut cannot be found then try the following locations:

`C:\Program Files\Trigold\Prospector\download.exe`

Or

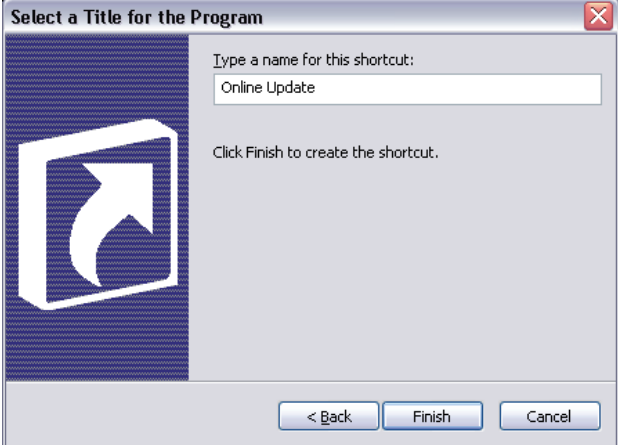

`C:\Program Files\Trigoldcrystal\Prospector\download.exe`
